

FROM THE TRAGEDY OF THE FIRST WORLD WAR,
LEGENDS GREW

An army of angels beckons troops to safety.
A haunted U-boat terrifies its crew.
A village remembers a lost son. An officer sees
the ghosts of a long-finished war...

This collection brings together folk tales,
legends and ghost stories that grew up around
the First World War. Fascinating, moving,
sometimes scary, these are the stories told by
soldiers and the people they left behind,
on both sides of the conflict.
